ATTN: Chemical Right to Know-HPV Chemical Challenge Program
American Chemistry Council Health, Environmental, and Regulatory Task Group
Registration Number

Dear Administrator Johnson:

I write on behalf of the Petroleum Additives Panel Health, Environmental and Regulatory Task Group (HERTG). The HERTG is organized under the American Chemistry Council Petroleum Additives Panel.

By this letter, the HERTG wishes to notify the Agency that the HERTG is making an HPV commitment to sponsor CASRN 70024-67-8 Benzenesulfonic acid, C16-24-alkyl derivatives. This material will be sponsored by the HERTG as part of the Alkaryl Sulfonate Category referred to as Group 3 in previous HERTG communications. The HERTG also requests EPA to update the HPV Chemical Challenge website to reflect this additional commitment.

If you have any questions, please do not hesitate to contact the Manager for the HERTG, Sarah Loftus McLallen, at 703-741-5607 (telephone), 703-741-6091 (telefax) or sarah_mclallen@americanchemistry.com (email).

Sincerely yours,

Responsible Care®
